CREAM OF NEWS.

The Razor Route.

Mark Stull, an Asylum patient, committed suicide a few nights ago by cutting his throat in a horrible manner with a razor. He was from Webster county and his remains were shipped to Selma this week for interment.

Got All His Cash.

A thief entered Mr. James Gowan's sleeping apartments Monday night and secured all the loose cash he had, amounting to about \$45. Mr. Gowan is flagman on the accommodation train and had just been paid a month's wages the day before. Evidently the thief knew of this and was on hand early as the theft was committed shortly after he had retired. Nothing else was disturbed about the premises.

Green Ledford Killed.

Green Ledford, col., a resident of this county, was shot and killed at Roaring Spring Wednesday by Constable Hamilton, of Trigg county. Hamilton undertook to arrest Ledford on a warrant charging him with violating the liquor license law. Ledford resisted and drawing a pistol shot the officer, making a slight flesh wound in the side. Hamilton returned the fire, killing his man. Ledford has been making his headquarters at Lafayette of late.

Monday's Registration.

County Clerk Breathitt will construe the registration law to mean what it says and will record the votes of none but those kept away from the June registration by sickness or absence from the county. This registration is not to correct the errors of the judges of the regular registration and no water, however, unjustly denied registration through a wrong interpretation of the law, can be registered by the Clerk. Maj. Breathitt assures us that this will be his ruling, no matter what it hurts.

The Canvass.

The county canvass is moving along smoothly and the tour of South Christian will conclude at Pembroke Saturday night. The Boyd ticket has had a hard time of it this week. At Bellevue there was a large crowd in the afternoon and another good gathering at Grassy at night. The Boyd candidate failed to attend the latter appointment. Julian, Newstead, Bennett and Lafayette have all been visited and to-day Beverly and Garrettsburg will listen to the flow of eloquence. Never have the people been so aroused. Even the old men are on hand and listen with eagerness to the plain facts of fraud and corruption. The whole county is excited over the approaching conflict. The women and children even are talking politics and there will be no cessation of interest until victory is achieved in August.

The Republicans have virtually given up most of their ticket and are concentrating all their energies on the election of Anderson, Boyd and Prowse. Morrow, West and Cowan are proving equal to the emergency and are making new friends at every discussion. The unmanly dithering attacks made upon the latter gentlemen have strengthened them and as fair-minded men everywhere deprecate the bringing of trifling personalities into the race. This was probably resorted to in order to distract the attention of the public from the one great issue upon which the "Big Four" has been forced to go before the people. In the Superintendent's race Prof. Froggo has been marked as a winner from the first speech and his opponent is not even meeting him except at long intervals.

Taken altogether the outlook for the last week is bright and hopeful.

Merit wins, as the marvelous success of Hood's Sarsaparilla shows. It possesses true medicinal merit. Sold by all druggists.

HERE AND THERE.

Plenty of bugs for grapes at this office.

Vitamin Liver Pills improve the complexion.

Otha Anderson is going to take the stump in favor of the Boyd ticket.

R. M. Woodbridge, livery, feed & sale stable, Fritz stand. Telephone 144.

Policeman Cliborne is gradually recovering from his painful wounds. Democrats are giving 500 majority on even bets that West will be elected.

Jake Lieber has secured an assistant barber from Urbana, Ohio, Mr. T. W. Carver.

The candidates are in South Christian this week, speaking twice a day to large crowds.

There will be a social at Judge McCarrall's Friday evening. Ice and cake for ten cents.

A fine rain fell in the south-eastern part of the county Tuesday refreshing everything very much.

The household effects of the late Prof. J. W. Rust were sold at auction Tuesday.

It has leaked out that one of the handsome Latham cottages is soon to be occupied by a bridal couple.

Mr. C. B. Webb has received a life-size wooden horse and harnessed it up in his window to advertise his goods.

A good rain fell at Earlinton and Empire Wednesday, but the weather clerk turned a deaf ear to Hopkinsville's appeal.

Henry Blumenthal has recovered from his injuries sustained by being thrown from a wagon and run over one day last week.

The colored people had a picnic in a grove south of town yesterday. A large procession formed on north Main and marched out, headed by the band.

Bethel Baptist Association will meet at Adairville, Aug. 19, and continue three days. Dr. J. D. Clardy is Moderator.

There will be quarterly meeting at the Methodist church, Lafayette, Ky., July 25 and 26. Rev. D. S. Campbell will be present and conduct the exercises.

Conductor Banks is now in charge of the accommodation train, Sherman Craft, the regular Captain having laid off for a few days on account of a painful rising in his head.

A little four-year-old daughter of Mr. E. H. Major fell from a second story window a few days ago, but fortunately escaped with but few bruises. It was a very narrow escape.

Voters who were sick or absent from the county in June can register in the Clerk's office Monday, by swearing to the facts. This is the last chance to register for the August election.

The Parsons Grove Methodist Camp meeting in Logan county will begin on July 29 and continue ten days. A hotel is on the grounds and ample arrangements will be made for all visitors.

Dr. Clardy is making a vigorous canvass in North Christian this week and will wind up at Crofton tomorrow. His opponent has not accepted the invitation to a joint discussion.

From every section of the county comes the most encouraging news. The people are losing sight of politics and will see that a ticket composed of the right sort of men is elected.

It is not improbable now that the Hopkinsville postoffice matter will go over until September. In that event it may be still further complicated by the candidacy of one or more of the Republicans who will be defeated for county offices next month.

The military boys at Curleau are without tents and are having rather a rough time sleeping in cabins, or paying their way at the hotel. The State treated them badly in not sending the camping outfit according to promise. They will come home to-morrow.

An entertainment was given at Trenton Hall, in Trenton, Ky., by local talent, Thursday night, the proceeds to go towards carrying Todd county for prohibition at the August election. "A Social Glass," was the Victim of the Bottle, was the name of the piece rendered. A large crowd was present and a good round sum realized.

Judge Winfree has received a copy of the Road Law for Christian county passed by the last Legislature. It requires a vote of the people before it becomes a law and must be advertised 90 days before it is voted on. It was received so late that it cannot be voted on in August as was expected. The election will probably be called for the first Tuesday in November.

"Godley's Lady's Book" for August is here, and presents a gala appearance with two beautiful frontispiece illustrations and various other attractions. The number of fashion illustrations, the designs for fancy work, the choice of a cut paper pattern, and all the literary features render it very attractive and useful to the ladies. Godley Publishing Company, Phila., Pa. Price \$2.00 per year.

The Sebree House.

The Sebree House, at Sebree Spring, is now owned and operated by Mr. J. F. Orr, an experienced hotel man. Rates are very reasonable, board being cheaper than ever before. Backs free to and from the spring. Everything first-class and inviting. Crowds flocking there daily, but always room for more.

PETTY PECULATIONS.

Trial Thefts to Test the Taxpayers' Standing Qualities.

Raises of From 10 Cents to \$4.00 On 250 Lists in 1885.

THE RASCALITY IN ITS EARLY STAGES.

The examination of the sheriff's books for 1885 has been completed by the committee appointed by the County Court of Claims. Contrary to general expectation, the raising of lists was begun as far back as 1885. It was believed that most of this sort of business was done in 1887 and 1888, especially in the latter year after the gang had lost its grip on the office. The examination, however, settles the fact that it began much earlier, though on a smaller scale. A new species of fraud was also brought to light, that of listing women and non-resident taxpayers for poll taxes. More than one case of this sort was discovered. In the books of 1885, completed Wednesday, about 250 lists were found raised, the aggregate stealage amounting to \$143. This was taken from people all over the county, the individuals being mulcted in sums ranging from ten cents to four dollars. Widows and orphans as usual were represented among the victims and the colored people were not forgotten. The Kentuckian regrets that it has not space to give the list in detail, but it would prove but a repetition of other lists on a reduced scale. The same parties were in many instances victimized year after year, the assessments being increased as the conspirators became bolder.

The committee began on 1886 yesterday and are now going through the books for that year. The taxpayers raised will be notified at the end of each year's examination, but the work of giving up the ill-gotten gains will not begin until some date to be fixed ahead, after all of the books have been examined. The attorneys prefer this plan, so that a "jumping" settlement can be made with the victims who were annually defrauded.

The shortage of \$11,335 already brought to light must be increased by \$143 with six per cent. interest for five years, making about \$186 to be added. This makes the total \$11,621 and, in dime novel language, "The villain still pursued her."

THE CIVIL CASE DECIDED.

The suits brought by the Auditor's agent against John Boyd and C. M. Brown for back taxes, amounting to \$1,800 in the aggregate, were decided Wednesday in the Quarterly Court and judgment given for the amount claimed and fifty per cent. penalty in addition, making \$5,700.

The case was argued by Wood & Bell for the State and Landis and Stites for the defense. The defense denied their liability to the penalty and claimed fees and discounts amounting to about \$1,150. The \$3,800 less this amount was tendered to the State and refused. It is now on deposit and will be applied to the payment of the judgment as far as it will go. The case will be appealed to Circuit Court, where another case for the county will come up in September, the amount involved in that case being about \$1,400 fees and commissions claimed for collecting the money withheld from the county.

The amount already paid the county and the judgment given the State brings the total shortage so far up to something over \$10,000, with \$1,400 more on litigation.

If anybody has paid attention to Mr. Boyd's false claim that he had two years to make his final settlement, the imposition of this penalty of 50 per cent. will show that he was availing himself of an expensive privilege, while the State was borrowing money to pay warrants. The law is that money collected for the State must be paid over every sixty days. Mr. Boyd has held back thousands of dollars from two to five years and made four settlements with the Auditor, in which he reported in as many years that he had paid over everything due and was given a quietus on the strength of his reports. These false settlements with the State are a branch of the case that must be shouldered by the ex-sheriff himself. They cannot be saddled on a deputy, for the State does not have its dealings with deputies.

FEED SCHMITZ'S BOTTLING WORKS.

Everyone Entirely Satisfied.

One of the most gratifying features attached to the annual excursion to Old Point is the fact that not one passenger has ever returned from the trip who did not acknowledge that he received more for his money than he anticipated, and who did not speak in the most commendatory terms of the manner in which these excursions are conducted to the entire comfort and satisfaction of each passenger.

In the first place, reduced rates for side excursions to New York, Washington, Norfolk, Baltimore and other points are secured, which enables those who desire to extend the trip to do so at a small additional cost. The remarkably low rate of \$2.50 per day at the Hygeia Hotel is granted to holders of special excursion tickets, and this hostelry is pronounced by all who have gathered around its festive board and who have promenade its spacious halls, parlors and corridors, to be a veritable paradise for the rest and comfort of the weary traveler. Then an experienced representative of the Company is sent with the party to look after every detail and see that nothing is left undone to make the trip all that could be expected.

The chance to avoid the heating rays of the sun and place yourself where the ocean breeze can cool your brow, should not pass unnoticed.

The wind blowing in his face, he turned around to get his light, and then jogged along contentedly without noticing the change in direction. He brought up at his own door. Then he was mad.—Pond du Lac (Wis.) Journal.
